

# The Transitions Network (TTN)

## Who TTN is:

The Transitions Network (TTN) is a media platform dedicated to helping retirees navigate complex decisions involving Entrepreneurship, Reinvention, Global Retirement, Couple / Family Dynamics, Technology, and Volunteering.

We provide long form (3-4 per week) and short form (daily) YouTube videos, Podcasts on the popular Podcast platforms, blogs, and Product Reviews.

## TTN Partners:

TTN has three types of partners; **Guests** that we interview, **Organizations** that provide regular Guests, and **Sponsors**. Our Guests can be found on our website under **People**. We are partnering with the **UCLA Longevity Center** and are looking to partner with organizations that can provide guests or with large member bases that would appreciate our media. Finally, we are looking for Sponsors for the content for cost recovery purposes.

**The following are where you can find TTN:**

## 7 Pillars of TTN

Because there's very little information for Retirees aside from Financial Planning and Estate Planning, TTN is focused on the following 7 pillars:

- Retirement & Entrepreneurship
- Identity & Emotional Reinvention
- Global Retirement Perspectives
- Technology for Retirees
- Healthspan vs Lifespan
- Couples & Family Dynamics
- Retirement & Volunteering
